25X1

On 18 April 1951, 42 jet fighters with swept-back wings, 5 jet fighters with
fuselage steps, 3 single-engine, low-wing monoplanes with in-line engines, and   25X1
25X1A   2 biplanes were counted at Laerz airfield._____ seen on the jet fighters
25X1A   with swept-back wings included:_____
25X1   ____. ** On 25 April 1951 _____ two jet fighters with
swept-back wings. On 3 May 1951, the radio installation with four masts, previously
located north of the E-W runway, was moved about 200 meters farther to the north-
west. ***On 8 May, 32 jet fighters with swept-back wings, 3 single-engine low-wing
monoplanes and 1 biplane were counted at the field.

25X1A

* ____ Comment. Two fighter regiments equipped with a total of about 60 MiG-15s
are believed to be stationed at Laerz. The jet planes with a step under the
fuselage are probably Type 26 planes. Not more than two aircraft of this type
have been seen in Laerz. The single-engine, low-wing monoplanes are probably
Yak-11s.

25X1A   ** ____ Comment. The aircraft of the two fighter regiments are differentiated
25X1   _____   25X1
25X1   _____ have so far been seen. The
25X1   _____ have been observed only during the last two months. It is
not known to which unit the aircraft _____ are assigned.   25X1
25X1A   *** ____ Comment. The radio installation is an Adcock DF. Its previous location
was formerly reported. _____   25X1A
